

Amendments to the Specification:

Please **replace** the paragraph beginning at page 44, line 12 with the following amended paragraph:

The present invention has been described in the context of software applications running on **one or more processors of** one or more computer systems. However, those skilled in the art will appreciate that the present invention is capable of being distributed as a program product in a variety of forms, and that the present invention applies equally regardless of the particular type of data bearing media used to actually carry out the distribution. Examples of data bearing **computer readable** media include: recordable media such as floppy disks and CD-ROM, which one skilled in the art will recognize as being examples of computer readable storage media, as well as media storage and distribution systems developed in the future.
